

## Cardinal Scale Comments

### Block 6 Items (B6) Commercial and law enforcement, axle and axle group weights

Comments from Cardinal Scale: Cardinal agrees with the spirit of the proposal; it is indeed a “commercial transaction” to charge a person a fee solely for the purpose of obtaining a weight of a vehicle – it is not required to have to undergo a sales transaction of weighed product in order for it to be considered a commercial transaction.

#### B6: SCL-22.1 S.1.14. Recorded Representation of Axle or Axle Group Weights

Comments from Cardinal Scale: Cardinal recommends striking the following from the proposed language for S.1.14:

**S.1.14. Recorded Representation of Axle or Axle Group Weights. – The recorded representation of weights from individual axle or axle group weights shall clearly be identified as “not legal for trade” or “non-commercial” weight values unless the entire vehicle is positioned on live elements of a multiple-platform vehicle scale and where all axles/axle groups are weighed simultaneously. All recorded weights of axles/axle groups shall be identified as representing only a portion of the vehicle’s total gross weight (e.g., by axle groupings such as: “axle group 1,” “axle group 2,” “axle group 3,” or by individual axle description such as: “steering axle,” “drive axles,” “trailer axles”).**

**Any total gross weight of the vehicle included in the recorded representations determined by summing axle weights shall be clearly identified as “not-legal-for trade” or “non-commercial” unless those axle weights were recorded when all parts of the vehicle rested simultaneously on live portions of the scale, or the individual components were uncoupled, positioned completely on the live elements, and weighed separately on the scale.**

The reasoning behind this is by leaving the “non-commercial” language in the proposal, it defeats the purpose of the proposal, which is to officially clarify what a non-commercial transaction is.

#### SCL-22.2 UR.1. Selection Requirements, UR.1.X. Cannabis

Comments from Cardinal Scale: Cardinal recommends the following wording changes which will clarify the item:

**UR.1.X. Cannabis. – The ~~scale-division~~ verification scale interval, e, for scales weighing Cannabis shall not exceed:**

- (a) 0.01g for net weighments ~~up to capacity~~ up to 10g,
  - (b) 0.1g for net weighments greater than 10g, up to 100g, ~~capacity, and~~
  - (c) 1g for net weighments greater than 100g, up to capacity.
- (Added 20XX)
